VOLUME 9. MARYVILLE, MISSOURI, FRIDAY, NOV. 22, 1918 NO. 147

LIFT BAN SUNDAY

BUSINESS HOUSES PERMITTED TO RE-OPEN TONIGHT

A STRICT QUARANTINE

Restrictions Will Apply Only to Individual Cases.—Only Morning Services in Churches

Today the influenza ban goes back to where it was a week ago when all stores and business houses were required to close at seven o'clock. After 12 o'clock Saturday night restriction will be further modified, permitting the schools to reopen, the churches to have morning services only and picture shows to re-open only after fumigation supervised by some member of the board of health and under such regulations as may be ordered.

After a meeting of the health board at the office of Mayor Garrett last night at which members of the school board, physicians and ministers were present, Mayor Garrett stated that with conditions indicating much improvement, a decision to modify the restrictions had been made.

Mayor Garrett said that the quarantine would practically be restricted to those having the disease and persons who came in contact with them. Physicians, he said, were co-operating in helping to check the epidemic and were reporting all cases to him, and that "influenza" signs were being posted at all houses where the disease was found. No one, he stated, would be released from quarantine without notice to the mayor from the physician that it might safely be done. One condition of being released from quarantine will be that the patient wear a mask until his cough disappears, failure to do so, meaning a return to quarantine.

It was brought to the notice of the board that a large part of the contagion and disease resulted from cases outside the city and gatherings and entertainments which were outside the province of the city to regulate. Members of the board said that the county court had refused to co-operate with the city in extending the quarantine regulations into the country districts, giving as the reason that no money was available to pay the cost. It was urged that the local physicians join in a protest to the state board of health at the action of the court in refusing to enforce the regulations which were ordered, it being pointed out that both city and county health boards were amenable alike to the order.

Mayor Garrett admitted that the quarantine up until a week ago yesterday when the lid was tightened down, had been lax, but pointed out that there had previously existed little co-operation in attempting to check the disease. He said that the board had decided to modify the restrictions and make the quarantine on the individual as strict as possible rather than continue the drastic measure that was hurting things generally.

L. C. Cook said he thought the ban should remain in force until the epidemic was still further under control and that he would not be a party to opening the schools, believing the chief danger was from crowds.

Dr. Karl Malotte said conditions, in his opinion were greatly improved and that the newer cases were of milder form. He expressed the belief that all restrictions might safely be declared off if the quarantine regulations were made effective in individual cases.

Dr. Juvenal said the cases under his care were mild ones and that he believed the ban might safely be lifted with strict regulations imposed in homes where the disease existed.

Rev. C. Emerson Miller said Maryville had been closed longer than any other town in the country that he had knowledge of and that the city's institutions and business was suffering needlessly. "The city's morale is getting bad," said Rev. Miller. "Let business open up and go on as usual; permit the schools and churches to resume and confine the quarantine to those who are sick and not to the well."

Rev. S. A. Coile said he believed it would be wise to try a return to normal conditions and remove the ban, and if another outbreak of the epidemic occurred it might be put back again.

It is the belief of physicians that the greatest danger from contagion is after the patient has recovered—or at least thinks he is recovered—and goes about coughing, spreading germs. Due to this belief is the order by the mayor that no person will be released from quarantine having a cough unless wearing a mask.

Mayor Garrett said the school directors would be permitted to use their own judgment as to opening the schools, but believed that with Thanksgiving coming next week, and with many parents unwilling to send their children at this time, that it would be well to defer the opening another week. The school board will decide at a meeting to be held tonight what action will be taken. The Normal school has announced that classes will be resumed next Tuesday.

FOR CHILD WELFARE

WITH BAN LIFTED LEAGUE WILL BEGIN CAMPAIGN

HOLD PUBLIC MEETINGS

Seek to Arouse Public Sentiment in Favor of Adoption of Children's Code of Better Laws.

Mrs. C. C. Hellmers, county chairman of the Missouri Children's Code Commission has been notified that the Public Welfare League has launched a second campaign in the interest of the children's code and its adoption by the Missouri legislature, and will send speakers and workers to Maryville as soon as the ban against public gatherings is lifted.

Coupled with the drive for adoption of the Children's Code is a campaign of education under the direction of J. Adams Puffer, educational director of the National Welfare League. Six speakers have been brought into the state by the league and meetings, including county institutes, will be held in every section before January 1, to arouse public sentiment in favor of the adoption of the Children's Code.

Briefly the general laws for the protection of children which it is proposed to ask the legislature to adopt include:

State supervision of private agencies caring for children.

Providing for the support of children born out of wedlock.

Raising the age of consent to 16 years.

Establishing the age of marriage for girls at 15 years.

Requiring five days' notice before the issuance of marriage licenses.

Making provision for the extradition of child deserters.

Other laws included proposed provisions for proper care of delinquent and neglected children, for care of defective children, for the protection of the health of children and regulations as to child labor and education.

Statewide use of school buildings for community purposes and provision for adequate appropriations for playgrounds are included, as well as a provision for the appointment of a county superintendent of public welfare.

Back of the campaign are representative civic and business organizations and such bodies as the Federation of Women's Clubs, the Federation of Parent-Teacher Associations and the Federation of Commercial Clubs.

SGT. VICKERY HOME ON LEAVE

Believes It Will Be Six Months Before His Unit Will Be Discharged.

Sergeant C. C. Vickery, son of Mr. and Mrs. N. J. Vickery of Arkoe, arrived home yesterday on a fifteen days furlough and will spend Thanksgiving holidays with his parents Sergeant Vickery is stationed at Camp Logan, Houston, Texas, and is in the quartermaster's department. He expects to remain in the service for at least six months before being able to secure his discharge.

Ex-Kaiser Ill With "Flu."

London, Nov. 22.—Germany's former ruler, William Hohenzollern, has been taken seriously ill with influenza, according to Amsterdam dispatch to the Express today. Another Amsterdam report says the ex-kaiser's suite including Admiral Platen, has returned to Germany via Oldenzeal.

An Armistice Commission.

Paris, Nov. 22.—A commission has met at Venice to assure the execution of the armistice terms by Austria Hungary, said a dispatch from that city today. On the commission are Admiral Biddle of England, Admiral Bullard of the United States and Admiral Fatou of France.

WILL SCHOOLS OPEN

BOARD WILL MEET TONIGHT TO MAKE DECISION

NORMAL OPENS TUESDAY

Question of Making up Lost Time Will Prove Problem.—Two Plans Under Consideration.

With the influenza ban lifted next Monday, the question of opening the schools will be determined at a meeting tonight of the board of education. It is not known what action will be taken as some of the members are in favor of resuming classes at once and others believe it would be wise to defer the opening for another week.

When the school re-opens two plans for making up the time lost will be considered. One will be to lengthen the school day by the addition of an hour, the other to hold school on Saturday. The former plan has been adopted by St. Joseph public schools and is favored by several members of the board.

If the former plan of adding an hour each day is adopted lesson periods will be lengthened to take up the added time which will be equivalent to an added day each week, and will do away with Saturday classes.

Six weeks of lost time must be made up during the remainder of the thirty-six weeks term.

Classes at the Normal will be resumed next Tuesday morning, President Richardson advising out of town students that they would be given Monday in which to get back to the city. No plan has yet been announced for making up the time lost.

The rural schools over the county in most of the districts have been running for two weeks or more and in some cases where there were but few pupils, the schools were not closed at all.

As indicating the plan followed in other schools the board of education in Kansas City has decided that lost time will be made up as follows: Instead of ten days holiday at Christmas there will be but three days, Christmas day and the two days following. Thanksgiving and Memorial days will be observed, but there will be school on all other holidays; instead of closing the school year June 6 two additional weeks will be added, closing June 20; in addition an effort will be made to extend school hours and shorten recess periods to such an extent that by the close of the school term the entire lost time will have been made up.

The tallest tree on record has been felled in southeast Australia. It was a gum tree 471 feet in height.

HOMER D. WHIPP DEAD

Died in France Oct. 18.—Is Son of Mr. and Mrs. John Whipp, Former Residents of Maryville.

Homer D. Whipp, a son of Mr. and Mrs. John Whipp of Pomona, Cal., former Maryville residents, died in France October 18, his death due to pneumonia. Young Whipp enlisted in Los Angeles, Cal., and went overseas last July. He was a member of one of the base hospital units. The Whipp family moved to Pomona several years ago.

ITS WORK NOT DONE

MEN IN SERVICE WILL STILL NEED THE RED CROSS

THE DEMANDS INCREASED

Chapters in the Southwestern Division to Plan Victory Celebrations, Says George W. Simmons.

St. Louis, Nov. 22.—Every American Red Cross chapter in the Southwestern Division will take a prominent part in the victory celebrations planned for the next few weeks in virtually every town and city in the Southwest. In many instances the celebrations will be under the direction of Red Cross chapters, George W. Simmons, manager for the organization, announced today.

"The Red Cross, which has done great work at home and abroad will be the last of the great war organizations to demobilize its great army of war workers," said Simmons. "The work of the Red Cross has been increased, rather than decreased, by the signing of the armistice, which has released thousands of refugees held prisoners in territory formerly occupied by Germany. These people must be given immediate assistance.

"In addition, we must continue to care for our soldiers and sailors, who are on patrol duty and make up the army of occupation. These men will need the Red Cross as they did before the armistice. The same is true of the families of these men in this country and the soldiers in the camps here

"When our armies come home what an inspiring sight it will be for them to see Red Cross membership buttons on the breasts of every man, woman and child, buttons proclaiming that these people at home made possible the great work of the Red Cross.

"Memberships in the Red Cross will be received during Christmas week and from December 16 to 23, the organization will seek to enroll every American in the world.

Health Proclamation

By order of the Board of Health of the City of Maryville, Missouri, the restrictions imposed upon pool halls, stores, restaurants, confectionaries, shops and other places of like kind by the proclamation of the Board of Health of said city, dated November 15, 1918, pertaining to the closing of such places is hereby removed from and after this date.

By further order of said Board of Health the restrictions imposed upon schools, churches, theatres, shows, picture shows and buildings and places of like character as to closing and not permitting more than 20 persons to assemble at any place by proclamation of the Board of Health of said city under date of October 12, 1918, is hereby removed from and after 12 o'clock—midnight Saturday, November 23, 1918, subject however to the following: All churches are forbidden to have services on Sunday night, November 24, 1918, and all picture shows must be disinfected under the supervision of some member of the Board of Health, before same shall be opened.

Quarantine restrictions on persons afflicted or places where such afflicted persons may be are not removed or released in any way or degree whatever.

This 22nd day of November, 1918.

W. O. GARRETT, Mayor.
P. L. EDWARDS, Marshal.
F. M. RYAN, City Physician.

WAR CONGRESS OUT

CLOSING SESSION WAS MARKED BY SPIRITED DEBATE

WILL RECONVENE DEC. 2

Appropriations Passes Aggregated More Than 45 Billions.—President Signs Prohibition Measure.

Washington, Nov. 22.—The second session of the Sixty-fifth, or "war" congress, which began last December 3, ended at 5 o'clock last night.

Since the third and final session of this congress will begin in eleven days—December 2—the adjournment yesterday was devoid of many of the spectacular features usually accompanying the ending of sessions.

Very little business was transacted in either house during the day, most of the senate's time being taken up in spirited debate.

The debate in the senate was marked by an attack on President Wilson by Senators Watson of Indiana, Sherman of Illinois and Kellogg of Minnesota, Republicans, who voiced objection to his action in taking over cable and express lines and an address by Senator Reed of Missouri, Democrat, vigorously opposing the plan for a league of nations. The proposal for a league of nations, however, was defended by Senator Phelan of California, Democrat.

During the day congress formally completed and sent to President Wilson, the bill for war time prohibition, effective July 1. The President promptly signed the measure.

Except the war revenue bill, little business was left unfinished by congress, which turns now for the new session, from the problems of war to those of peace and reconstruction. During the ten day period before the new session opens the senate finance committee will endeavor to complete revision of the revenue measure, while house committees will work on the mass of appropriation bills to come before the nevt session which expires by limitation next March 3.

Because of the press of appropriation and reconstruction legislation to come before the final session, Representative Kitchin, the Democratic leader, warned the house yesterday that the usual Christmas holidays will be curtailed to "a few days."

For length, bulk of appropriations for the war and the number and importance of legislative measures passed the session which closed yesterday was regarded by leaders as unprecedented. At this session war was declared on Austria-Hungary and the members also saw the victorious end to all hostilities.

Appropriations passed aggregated $36,298,000,000, making the total for this congress more than forty-five billions, of which $19,412,000,000 was appropriated at the first—an extra session—at which war was declared on Germany.

Legislation passed included bills authorizing billions of Liberty bonds; creation of the war finance corporation; government control of telegraphs, telephones and cables; executive reorganization of government agencies, and extensions of the espionage act, and the army draft law by which men between 18 and 45 years of age were required to register

Prohibition and woman suffrage furnished sharp controversies thruout the session. The war-time "dry" measure was completed, but after the woman suffrage constitutional amendment resolution had been adopted January 10, by the house, it was defeated in the senate by two votes. It is expected to come up again next month.

DR. S. W. GIRARD DEAD.

Former Hopkins Physician Passes Away at St. Joseph Hospital.

The body of Dr. S. W. Girard of Hopkins, who died yesterday at a hospital in St. Joseph was brought to Hopkins for burial today. Dr. Girard was a resident of Hopkins for a great many years.

Miss Price Returns.

Miss Cora Price, a former employee of the Crow studio, has returned from Fort Smith, Ark., and resumed her work at Crows.

Mrs. Sheets Very Ill.

Mrs. John S. Sheets of Elmo is very ill at her home with pneumonia which followed a spell of influenza.

WILL OCCUPY KAISER'S SUITE

President Wilson's Trip to Europe Will Be on the Former German Liner Kaiser Wilhelm 2nd.

Washington, Nov. 22.—Complete arrangements for the President's trip abroad are ready for announcement. All the details have been fixed and the official program is now before him for his approval. He will leave Washington about December 4, and will go directly to New York, where a big liner, Agamemnon, formerly the Kaiser Wilhelm, the Second, will be awaiting for him. President Wilson will occupy the imperial suite originally fitted up for the former German emperor.

ANOTHER BIG CASUALTY LIST

Of Those Reported 404 Were Killed in Action, 88 Died of Wounds and 105 of Disease.

Washington, Nov. 22.—The following casualties are reported by the Commanding General of the American Expeditionary Forces:

Killed in action	404
Died of wounds	88
Died of disease	105
Died of accident	12
Wounded, severely	87
Wounded degree undetermined	359
Wounded, slightly	378
Missing in action	69
Taken prisoners	13
Total	1,515

IS KILLED IN BATTLE

John J McGarry Made Supreme Sacrifice October 22.—Parents Live Southeast of Maryville.

John J. McGarry, a son of Mr. and Mrs. Joseph McGarry, living southeast of Maryville was killed in action in France October 22.

The message from military headquarters announcing their son's death was received by the parents last night.

The young man went into army training with the first lot of men from Nodaway county, who were sent to Camp Funston, Kan., September 19, last year.

Besides his parents, one sister, Miss Emma, and five brothers, Francis, in army training at Chicago, Arthur, Edward, Vincent and Paul, at home, survive.

RED CROSS SECRETARY HERE

Miss Phoebe Bayle Highly Pleased With Work Done by Junior Red Cross.—Urges Bazaar Support.

Miss Phoebe Bayle of St. Louis, secretary for the Junior Red Cross, visited Maryville yesterday and made a general inspection of the work of the organization and conferred with the school committee of the chapter in regard to their work for the future.

Miss Bayle was delighted with the work and progress made by the organization, and especially with the development of the Junior Bazaar plans. This bazaar is to be held on Friday and Saturday, Dec. 20 and 21, in the Red Cross headquarters. The thirty-eight auxiliaries of Nodaway county are taking part and the work to be exhibited and sold will be articles made by the children during the school year This bazaar is to be observed throughout the five states of the Southwest Division.

Prof. and Mrs. J. M. McDonald and Miss Beulah Brunner are in charge of the work in Nodaway county

The proceeds of the bazaar are to be used to finance the Junior Red Cross work.

W. C. VAN CLEVE HERE.

Arrives Last Night—Will go to Washington in a Few Days.

W. C. Van Cleve arrived in the city last night from a five weeks' stay at Columbia and Moberly. Mr. Van Cleve was called from Washington by the illness and death of his father, John S. Van Cleve of Moberly, and by the serious illness of his son, William T., a member of the Student Army Training Corps at Columbia, who had a critical siege of pneumonia.

The young man is now improving and physicians feel that his recovery is assured. He will not be able to leave the hospital for some time yet. His mother has been at Columbia since the beginning of her son's illness and will remain there until his strength is established.

Mr. Van Cleve will remain several days.

NEW REVOLT BREAKS

RADICALS SEEK TO GAIN CONTROL IN GERMANY

TRY TO OUST DR. EBERT

Uprisings Reported From Keil, Hamburg, and Other Cities.—Close Parallel to Russian Revolt.

London, Nov. 22.—A new revolution has broken out at Kiel, Hamburg and other German ports, said an Exchange Telegraph dispatch from Copenhagen this afternoon. The counter revolutionaries are attempting to put the radicals in control of the government—the red or Bolsheviki element of the German liberals now struggling to get control of the German government and wrest the reins of power from the hands of Dr. Ebert and his moderate colleague.

The new revolution reported from Kiel, Hamburg and other German cities gives the German uprising a closer parallel to the Russian revolution than at any other previous time. Just as the moderates were overthrown at Petrograd by the radicals, so the radicals in Germany are now attempting to put their representatives in power.

The Bolsheviki spirit has spread into Germany but its hold upon the population is apparently not yet of nation-wide extent.

IN TRIUMPH INTO BRUSSELS

King Albert and Family Are Given Mighty Ovation on Entry Into City.—Mackensen Reaches Berlin.

Paris, Nov. 22.—King Albert of Belgium, Queen Elizabeth, Prince Leopold, Prince Charles and Princess Marie Jose entered Brussels this morning amidst mighty ovation from the civilian population and Belgian troops. The royal party made an impressive entry and were triumphantly acclaimed. King Albert rode at the head of the Belgian division of the Allied army.

Copenhagen, Nov. 22.—Field Marshal General Mackensen and his staff have arrived in Berlin from Roumania said a dispatch from that city today. While crossing Hungary General Mackensen's forces had several fights with Roumanian troops, but his losses were small.

HENRY FORD BUYS NEWSPAPER

Retires From Active Management of Ford Co., to Become Publisher.

Detroit, Nov. 22.—Henry Ford is going to become a publisher. The head of the Ford Motor Company has retired from active participation in the management of the business and is going to publish a national weekly newspaper. Mr. Ford recently purchased the Dearborn Independent, published in his home town and plans are well under way for making it a national weekly.

K. C. WILL WELCOME TROOPS

Officials Plan for Review When the Men of 89th Get Home.

Kansas City already, in an official way, is taking steps to provide for a review of home troops and a proper celebration in Kansas City when the Kansas and Missouri boys come back, says the Kansas City Times. A joint and concurrent resolution, introduced in the upper house of the council last night by Alderman George Harrington nd adopted unanimously by both houses, spoke of the glorious victory on foreign soil in which "our boys" were an important factor.

The resolution suggests a grand review of troops from this immediate vicinity to be held in Kansas City when the men come home, and special mention is made of the Missouri and Kansas troops in the 35th division and practically all of the 89th division. It provided for a bi-partisan committee from each house to act with Mayor Cowgill to take the matter up with the authorities at Washington at once and see what arrangements can be made.

Virtually all of the crops common to the temperate zone can be produced in abundance in the vast agricultural regions of southern Siberia.

THE WEATHER

Snow tonight and probably Saturday; colder tonight.

NODAWAY CATTLE WINNERS

Bellows Bros., and Caldwell Herds Furnish Some of the Best Animals at the American Royal.

Bellows Bros., and the Caldwells fared well again yesterday at the American Royal Live Stock Show at Kansas City, winning first and second in several classes against strong competition.

In Shorthorn classes Bellows Bros., won first on junior bull calves with Parkdale Victoria IIth. Twenty-four head were shown in this class. Sixth on senior heifer calves with Parkdale Augusta, twenty-eight head being shown.

The Caldwells won second on young herds, four herds being shown; first on calf herd, four herds being shown; second on get of sire, (Blackcap Star) second on produce of cow, four herds being shown.

The Kansas City Times finds some interesting personages among the herdsmen of the various exhibitors, among them being Robert Johnson, herdsmen for the Caldwells. Says the Times:

"Robert Johnson, better known as "Bob," is another canny Scot, known wherever blooded cattle are shown as a man who can send them into the ring prepared to the last ounce. He is the man who developed the famous Grand Champion Hereford bull, Repeater, whose descendants have been consistent winners for years. Mr. Johnson has complete knowledge of all purebreds and at present has charge of the Aberdeen Angus herd belonging to C. D. and E. F. Caldwell of Burlington Junction, Mo."

The Greatest Profiteer.

The kaiser has sixty castles, and no home. He has more than a hundred uniforms, and no disguise. He has fifty titles, and no good name. He has six sons, and no comfort in his age.—Kansas City Times.

A full-grown elephant can carry a load of over three tons upon its back.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

$1,609.85 From Eleven Acres.

Eleven acres of alfalfa on one of the W. R. Linville & Sons' farms north of town this year produced hay and seed to the value of $1,609.85.

The first two cuttings of hay from these eleven acres amounted to something more than thirty tons or an average of something like three tons to the acre.

Mr. Linville says this estimate as to the amount of hay is low as he is satisfied there were nearer forty tons than thirty, but to figure conservatively we will say 30 tons were harvested and as a load of alfalfa was sold here recently for $30 per ton, it is fair to say the thirty tons are worth $900.

Aside from the two hay crops, a seed crop of 54 bushels and 37 pounds was harvested from this eleven acres, or an average of almost 5 bushels to the acre. A part of this seed has already been sold for $13 per bushel. At this price the seed crop is worth $809.85, which together with the $900, worth of the hay would make the total crop worth $1,609.85 or an average of $155.44 per acre. Of course it cost something to harvest and care for the crop, but after all expenses are taken out a neat little sum remains.

Aside from the hay and seed crops harvested the good the pasture is now doing a bunch of hogs is not to be laughed at.

Yet some say that alfalfa is not a profitable crop in Missouri.—Skidmore News.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Buy Your Moline Tractor Now, *Because*—

You may not be able to get a Moline Universal if you delay ordering.

You will help relieve the spring congestion of shipping by buying now.

You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on beltwork and other light jobs.

It is the only tractor which does all farm work, including cultivation.

One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.

Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-foot circle.

It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs.

All the weight on two big drive wheels—no dead weight—no extra expense.

Substantially constructed for many years of service—electric light for night work and self-starter for non-robust labor.

You can practically double your efficiency—you can produce more food with less help. You will need it for 1919 operations—prices will not be any lower next spring—may be higher.

ORDER YOUR TRACTOR AND EQUIPMENT NOW AND PLAY SAFE.

To The Contributors and Township and School District Committees on the United War Work Campaign.

The undersigned officials of the United War Work Campaign desire to express to the people of Maryville and Nodaway County their great appreciation of the splendid response to the appeal for funds for the conduct of the work being carried on by the seven organizations combined in the United War Work Campaign. The goal of the County, including Victory boys and girls pledges, was placed at $48,000. Some of the townships have not yet completed their canvass but relying on assurances which have been made as to such townships by those in charge, it is now apparent that the County will go considerably over the goal. We feel that the people are entitled to special credit for this result in the face of the fact that the "Drive" came so closely after they had subscribed so large an amount to the Fourth Liberty Loan, and after which the time was short in which to perfect the United War Work Campaign Organization, and of the further fact that during that short time the election occurred and naturally absorbed much of the time and mind of the people. Just as the "drive" was on there came the termination of the war with its all absorbing features. And with all this the prevalence of the influenza epidemic prevented any public campaign to arouse enthusiasm and interest so that it was necessary to obtain the money entirely by personal solicitation. It must therefore be apparent to all that the undertaking involved a great deal of earnest effort on the part of a great many people and too much credit cannot be given to the numerous township and school district committees, practically all of whom laid aside their personal affairs and gave the necessary time to this work, and to all of such we desire to especially express our gratitude.

We know that all will feel amply repaid for the time and money given in the service such will render our soldier boys and their appreciation of it.

JAMES B. ROBINSON, Polk Township Chairman.
C. E. DONLIN, Nodaway Co. Chairman,
S. G. GILLAM, District Chairman.

Having Your Tires Retreaded not only cuts your investment to less than half the price of new tires, but the cost per mile is less.

Say, for example, you are using 33x4 tires. A good standard non-skid tire this size costs $39.00; the guarantee on adjustment basis is 3500 miles; and this is the average mileage; some, of course will run farther—some less.

Figured on 3500 miles, and figuring that you won't spend a cent for repairs in that 3500 miles, it costs you **$1.12 per hundred miles.**

If the carcass of your tire is good when the first tread is worn off, you can have it retreaded.

We put a non-skid tread on a 33x4 tire for **$16.90.** Figured on the same basis as a new tire it will pay for itself in 1500 miles.

But our retreads actually run 2500 to 3500 miles.

Figured very conservatively on 2500 miles, the cost per 100 miles service on a 33x4 non-skid retread is **only 67 cents** as compared with $1.12 on a new tire of the same size.

No matter what the size of your tire, the same proportion of saving will apply.

SOCIETY and CLUBLAND

By KATE SCHENCK

PHONES—OFFICE 42. HOME 693

Sure, the Buds Have a Grievance.

Why don't the S. A. T. C.'s give a dance?

Why, why, wail the debutantes and buds of the town. They think they have just cause for grievance. And they have. Think of those lovely halls at the Normal and all those nice looking young fellows and all the pretty, pinky, dimply girls there are around this man's town and NOTHING doing in the way of army entertainments. It is a villainous act on some one's part, that there isn't.

And, again and yet, when it was officially announced that Maryville was to be an "army post" (think that is the correct military term, anyway, it sounds as if we were keeping up with the whirling progress of time), all these charming young buds and budettes shook out their dancing frocks, peppered them over with djerkiss sachet and smilingly waited. Now the djerkiss is like sawdust and the smile is dying at the roots. This war is certainly rough on a young girl's illusions. Or is all this talk about the society brilliancy of military post life just press agenting?

Wouldn't a Thanksgiving dance be just 'plumb' gorgeous?

Entertain Distinguished French Visitor.

Mr. and Mrs. J. J. Heifner entertained at dinner today R. E. Govin of Bordeaux, France, and Don Madden of Joplin, Mo. Mr. Govin is an officer of the French navy who has been sent to the United States on a war commission and has been here several months on military duty.

To Return to Maryville.

Mrs. J. S. Van Cleve of Moberly will arrive in the city tomorrow night to make her home here for the winter at the home of her son, W. C. Van Cleve. She will be accompanied by her niece, Miss Ewers of Springfield, who will be her aunt's companion during the winter. Later Mrs. W. C. Van Cleve, who has been at Columbia, Mo., caring for her son, William, who has been very ill with pneumonia, will return to Maryville.

Miss Campbell Entertains.

Miss Ferne Campbell entertained a large party of friends last night at the home of her parents, Mr. and Mrs. Lowell Campbell, of Barnard. The house was prettily decorated and the time was spent with playing rook. A dainty luncheon followed the games. About forty guests were present.

There Is a Woman in our Town—

Who says she thinks the great national problem of reconstruction should include regulations on the reconstruction of the home and how to prevent some members of the family from rushing down town and recklessly buying all the things they have wanted during the war period.

High School Students Frolic.

The literary societies of the Barnard high school participated in a masquerade party last night given at the high school rooms which were decorated with late autumn emblems. A general merry-making was enjoyed.

Will Entertain Iowa Visitors.

Messrs. Lee Griffin and Emil Klarner of Lenox, Ia., will arrive in the city Sunday to spend the day, the guests of Mrs. Nancy Smith and her daughters, Mrs. Loren J. Schnabel and Miss Ola Smith.

YEARS OF SUFFERING OVER SHE DECLARES

Mrs. Mamie Hall Was Confined to Her Bed for Many Months—Gained 19 lbs on Tanlac and Troubles Over.

"Tanlac has not only saved me from an operation, but since taking it I have gained nineteen pounds and now weigh five pounds more than I ever did in my life," said Mrs. Mamie Hall, of 1317 Eighth Avenue, Nashville, Tenn.

"I suffered for years," she continued, "from a bad form of stomach trouble and had fallen off until I weighed only ninety-six pounds. Nothing I ate would agree with me, and I lived on malted milk and crackers and became so weak and rundown that I lay in bed almost helpless for eleven months. I was so nervous that the least noise would almost drive me distracted and my head ached like it would burst. I could hardly sleep at night and had terrible pains in my chest and back. I was told that only an operation would help me.

"I was taken to the hospital once, but didn't want to be operated on, so I persuaded my husband to get me some Tanlac. After taking four bottles, I was entirely relieved of my troubles and feeling fine in every way. My husband also has taken Tanlac and says it has helped him wonderfully. We are both indebted to Tanlac."

Tanlac is sold in Maryville by the Koch Pharmacy, and A. M. Colly, Conception Junction, Mo. Adv.

WEAR UNIFORMS NINETY DAYS

Failure of Men to Return Equipment Will Result in Prosecution, Government Announces.

Camp Funston, Nov. 22.—Men discharged from the army will be permitted to wear their issue clothing three months, according to instructions being issued today to commanders of units for the information of their enlisted men. However, men will be instructed to return their clothing as soon as possible. Holding the issue clothing beyond the maximum time makes the discharged soldier subject to prosecution for embezzlement of government property. At the time a soldier is discharged his equipment is checked in, with the exception of these articles:

One pair or item of gloves, underwear, socks, coat, breeches, hat and cord, shoes, shirt, overcoat, leggings, belt.

He will be given a bulletin warning him of what he is to do with his clothing and will be given an official label to put on the bundle of clothing when returning it. The label is an official frank calling for free postage. The label is addressed to the deputy zone supply officer, Camp Funston, Kan., and has space to record whose clothing is being returned.

Of 317,000 miners employed in the mines of South Africa, only 32,000 are white.

EASY NOW

To Correct Dandruff and Scalp Eczema

SCIENCE has proved that the average head of dandruff and scalp eczema is afflicted with six million germs. So long as these germs use your scalp for a playground you are fast on your way to baldness, and can never hope to have soft, luxuriant hair.

Lucky Tiger

Will Kill Every Germ. Read our Guarantee. No matter what else you have used, try Lucky Tiger. It is safe, certain, delicately perfumed and pleasant to use. Yet every application carries the tingling punch to make a clean, germless scalp. Endorsed by Leading Chemists, Scalp Specialists, and Best Barbers. Ask for Booklet.

Here's Our Guarantee!

We guarantee one 12-ounce bottle of Lucky Tiger to cure any case of Dandruff or Scalp Eczema if applied according to the directions on the bottle. If it fails, the purchase price will be promptly refunded upon receipt of the empty bottle, or upon statement of boss barber with name and address of such customer.

LUCKY TIGER DANDRUFF CO.

Ask your Barber for Lucky Tiger—it's for men and women. Take a 50c or $1.00 bottle home with you.

The Sign Language.

The North American Indians, it would seem, have no monopoly of that peculiar art known as the sign language. Right now, over there in France, American doughboys are making love to native girls with the most perfect success, and yet the doughboy doesn't know two real words of the French language hand running while, on the other hand, those French girls can't even make a stagger at English. —Los Angeles Times.

80 Years Old—Fit as a Fiddle.

"I had a bad case of stomach and bowel trouble that four doctors could not help. Suffered all kinds of pain, was filled with gas and constipated for years. I was advised to use Mayr's Wonderful Remedy. Since taking a course of it four years ago my trouble has disappeared and have felt like a young man. Although 80 years old, I feel fit as a fiddle." It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Drug Co. and druggists everywhere. Adv.

SPANISH INFLUENZA

Do not Fear When Fighting a German or a Germ!

By DR. M. COOK

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practice the three C's: A Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a god liver regulator to move the bowels. Such a one is made up of May-apple, leaves of aloe, root of jalap, and is to be had at any drug store, and called "Pleasant Purgative Pellets."

If a bad cold develops, go to bed, wrap up well, drink freely of hot lemonade and take a hot mustard footbath. Have the bedroom warm but well ventilated. Obtain at the nearest drug store "Anuric Tablets" to flush the aches. Take an "Anuric" tablet every two hours, together with copious drinks of lemonade. If a true case of **influenza, the food should be simple,** such as broths, milk, buttermilk and ice cream; but it is important that food be given regularly in order to keep up patient's strength and vitality. After the acute attack has passed, which is generally from three to seven days, the sytem should be built up by the use of a good iron tonic such as "Ironic" Tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery. Adv.

REIMER'S MARKET
410 NORTH MAIN ST.

To all Bakers, Hotels, Restaurants and Public Eating Places

The regulations requiring bakers to use substitutes and to make reports have been cancelled. All bakers in the county should be careful that substitutes on hand should not be permitted to spoil or deteriorate. Bakers are still under license and to cause or permit avoidable waste of food products would be in violation of General License Regulations I A-11, which reads as follows:

"Must Not Commit Waste.—The licensee shall not knowingly commit waste, or willfully permit preventable deterioration in connection with the production, importation, manufacture, storage, distribution, or sale of any food commodities."

The remainder of the regulations governing bakers are unchanged.

For your convenience we mention below the principal points which bakers should observe:

1. Must have license if they use three barrels or more of flour and substitutes per month.
2. Must not accept returns of bakery products.
3. Must not keep on hand or have in their possession wheat flour or shortening in excess of a reasonable requirement for sixty days.
4. If operating a public eating place in connection with a bakery only limited portions can be served as specified in Rule A-7, License Regulations XIII.
5. Must manufacture bread only in following weights: 12 oz., 3 lb.; 16 oz. 4 lb.; 24 oz., 5 lb.; 32 oz., other pound weights.
6. Must not use sugar without obtaining certificates from the State Food Administrator.
7. Rolls must not weigh more than two ounces each.
8. Not more than 6 pounds of cane or beet sugar, not more than 2 pounds of shortening, may be used with each barrel of flour in bread and rolls.
9. Milk may be used in the manufacture of bread and rolls, provided the price of such products is no greater than the price at which bread and rolls without milk are sold.
10. Bakers must not add sugar nor shortening to the dough during the process of baking nor to bread when baked.
11. Bakers shall not exact more than a reasonable profit for their products.

Bakers, including public eating establishments holding bakers' licenses, must observe the rules and regulations until Peace is proclaimed, or until they are notified that such regulations have been rescinded.

Very truly yours,
F. P. ROBINSON,
U. S. Food Administrator, for Nodaway County, Missouri.

The most widely spoken language in India is Hindustani, which is the tongue of more than 82,000,000 persons.

Farm For Sale

100 acres one-fourth mile west of Rea, Mo., 3¾ miles northeast of Rosendale. This is a good farm in every way; modern improvements, good soil, lies well. Close to railroad and school. This is a dandy farm, and worth consideration—a bargain at $200 per acre.

Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gaynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

VOLUME 9. MARYVILLE, MISSOURI, FRIDAY, NOV. 22, 1918 NO. 147

LIFT BAN SUNDAY

BUSINESS HOUSES PERMITTED TO RE-OPEN TONIGHT

A STRICT QUARANTINE

Restrictions Will Apply Only to Individual Cases.—Only Morning Services in Churches

Today the influenza ban goes back to where it was a week ago when all stores and business houses were required to close at seven o'clock. After 12 o'clock Saturday night restriction will be further modified, permitting the schools to reopen, the churches to have morning services only and picture shows to re-open only after fumigation supervised by some member of the board of health and under such regulations as may be ordered.

After a meeting of the health board at the office of Mayor Garrett last night at which members of the school board, physicians and ministers were present, Mayor Garrett stated that with conditions indicating much improvement, a decision to modify the restrictions had been made.

Mayor Garrett said that the quarantine would practically be restricted to those having the disease and persons who came in contact with them. Physicians, he said, were co-operating in helping to check the epidemic and were reporting all cases to him, and that "influenza" signs were being posted at all houses where the disease was found. No one, he stated, would be released from quarantine without notice to the mayor from the physician that it might safely be done. One condition of being released from quarantine will be that the patient wear a mask until his cough disappears, failure to do so, meaning a return to quarantine.

It was brought to the notice of the board that a large part of the contagion and disease resulted from cases outside the city and gatherings and entertainments which were outside the province of the city to regulate. Members of the board said that the county court had refused to co-operate with the city in extending the quarantine regulations into the country districts, giving as the reason that no money was available to pay the cost. It was urged that the local physicians join in a protest to the state board of health at the action of the court in refusing to enforce the regulations which were ordered, it being pointed out that both city and county health boards were amenable alike to the order.

Mayor Garrett admitted that the quarantine up until a week ago yesterday when the lid was tightened down, had been lax, but pointed out that there had previously existed little co-operation in attempting to check the disease. He said that the board had decided to modify the restrictions and make the quarantine on the individual as strict as possible rather than continue the drastic measure that was hurting things generally.

L. C. Cook said he thought the ban should remain in force until the epidemic was still further under control and that he would not be a party to opening the schools, believing the chief danger was from crowds.

Dr. Karl Malotte said conditions, in his opinion were greatly improved and that the newer cases were of milder form. He expressed the belief that all restrictions might safely be declared off if the quarantine regulations were made effective in individual cases.

Dr. Juvenal said the cases under his care were mild ones and that he believed the ban might safely be lifted with strict regulations imposed in homes where the disease existed.

Rev. C. Emerson Miller said Maryville had been closed longer than any other town in the country that he had knowledge of and that the city's institutions and business was suffering needlessly. "The city's morale is getting bad," said Rev. Miller. "Let business open up and go on as usual; permit the schools and churches to resume and confine the quarantine to those who are sick and not to the well."

Rev. S. A. Coile said he believed it would be wise to try a return to normal conditions and remove the ban, and if another outbreak of the epidemic occurred it might be put back again.

It is the belief of physicians that the greatest danger from contagion is after the patient has recovered—or at least thinks he is recovered—and goes about coughing, spreading germs. Due to this belief is the order by the mayor that no person will be released from quarantine having a cough unless wearing a mask.

Mayor Garrett said the school directors would be permitted to use their own judgment as to opening the schools, but believed that with Thanksgiving coming next week, and with many parents unwilling to send their children at this time, that it would be well to defer the opening another week. The school board will decide at a meeting to be held tonight what action will be taken. The Normal school has announced that classes will be resumed next Tuesday.

FOR CHILD WELFARE

WITH BAN LIFTED LEAGUE WILL BEGIN CAMPAIGN

HOLD PUBLIC MEETINGS

Seek to Arouse Public Sentiment in Favor of Adoption of Children's Code of Better Laws.

Mrs. C. C. Hellmers, county chairman of the Missouri Children's Code Commission has been notified that the Public Welfare League has launched a second campaign in the interest of the children's code and its adoption by the Missouri legislature, and will send speakers and workers to Maryville as soon as the ban against public gatherings is lifted.

Coupled with the drive for adoption of the Children's Code is a campaign of education under the direction of J. Adams Puffer, educational director of the National Welfare League. Six speakers have been brought into the state by the league and meetings, including county institutes, will be held in every section before January 1, to arouse public sentiment in favor of the adoption of the Children's Code.

Briefly the general laws for the protection of children which it is proposed to ask the legislature to adopt include:

State supervision of private agencies caring for children.

Providing for the support of children born out of wedlock.

Raising the age of consent to 16 years.

Establishing the age of marriage for girls at 15 years.

Requiring five days' notice before the issuance of marriage licenses.

Making provision for the extradition of child deserters.

Other laws included proposed provisions for proper care of delinquent and neglected children, for care of defective children, for the protection of the health of children and regulations as to child labor and education.

Statewide use of school buildings for community purposes and provision for adequate appropriations for playgrounds are included, as well as a provision for the appointment of a county superintendent of public welfare.

Back of the campaign are representative civic and business organizations and such bodies as the Federation of Women's Clubs, the Federation of Parent-Teacher Associations and the Federation of Commercial Clubs.

SGT. VICKERY HOME ON LEAVE

Believes It Will Be Six Months Before His Unit Will Be Discharged.

Sergeant C. C. Vickery, son of Mr. and Mrs. N. J. Vickery of Arkoe, arrived home yesterday on a fifteen days furlough and will spend Thanksgiving holidays with his parents Sergeant Vickery is stationed at Camp Logan, Houston, Texas, and is in the quartermaster's department. He expects to remain in the service for at least six months before being able to secure his discharge.

Ex-Kaiser Ill With "Flu."

London, Nov. 22.—Germany's former ruler, William Hohenzollern, has been taken seriously ill with influenza, according to Amsterdam dispatch to the Express today. Another Amsterdam report says the ex-kaiser's suite including Admiral Platen, has returned to Germany via Oldenzeal.

An Armistice Commission.

Paris, Nov. 22.—A commission has met at Venice to assure the execution of the armistice terms by Austria Hungary, said a dispatch from that city today. On the commission are Admiral Biddle of England, Admiral Bullard of the United States and Admiral Fatou of France.

WILL SCHOOLS OPEN

BOARD WILL MEET TONIGHT TO MAKE DECISION

NORMAL OPENS TUESDAY

Question of Making up Lost Time Will Prove Problem.—Two Plans Under Consideration.

With the influenza ban lifted next Monday, the question of opening the schools will be determined at a meeting tonight of the board of education. It is not known what action will be taken as some of the members are in favor of resuming classes at once and others believe it would be wise to defer the opening for another week.

When the school re-opens two plans for making up the time lost will be considered. One will be to lengthen the school day by the addition of an hour, the other to hold school on Saturday. The former plan has been adopted by St. Joseph public schools and is favored by several members of the board.

If the former plan of adding an hour each day is adopted lesson periods will be lengthened to take up the added time which will be equivalent to an added day each week, and will do away with Saturday classes.

Six weeks of lost time must be made up during the remainder of the thirty-six weeks term.

Classes at the Normal will be resumed next Tuesday morning, President Richardson advising out of town students that they would be given Monday in which to get back to the city. No plan has yet been announced for making up the time lost.

The rural schools over the county in most of the districts have been running for two weeks or more and in some cases where there were but few pupils, the schools were not closed at all.

As indicating the plan followed in other schools the board of education in Kansas City has decided that lost time will be made up as follows: Instead of ten days holiday at Christmas there will be but three days, Christmas day and the two days following. Thanksgiving and Memorial days will be observed, but there will be school on all other holidays; instead of closing the school year June 6 two additional weeks will be added, closing June 20; in addition an effort will be made to extend school hours and shorten recess periods to such an extent that by the close of the school term the entire lost time will have been made up.

The tallest tree on record has been felled in southeast Australia. It was a gum tree 471 feet in height.

HOMER D. WHIPP DEAD

Died in France Oct. 18.—Is Son of Mr. and Mrs. John Whipp, Former Residents of Maryville.

Homer D. Whipp, a son of Mr. and Mrs. John Whipp of Pomona, Cal., former Maryville residents, died in France October 18, his death due to pneumonia. Young Whipp enlisted in Los Angeles, Cal., and went overseas last July. He was a member of one of the base hospital units. The Whipp family moved to Pomona several years ago.

ITS WORK NOT DONE

MEN IN SERVICE WILL STILL NEED THE RED CROSS

THE DEMANDS INCREASED

Chapters in the Southwestern Division to Plan Victory Celebrations, Says George W. Simmons.

St. Louis, Nov. 22.—Every American Red Cross chapter in the Southwestern Division will take a prominent part in the victory celebrations planned for the next few weeks in virtually every town and city in the Southwest. In many instances the celebrations will be under the direction of Red Cross chapters, George W. Simmons, manager for the organization, announced today.

"The Red Cross, which has done great work at home and abroad will be the last of the great war organizations to demobilize its great army of war workers," said Simmons. "The work of the Red Cross has been increased, rather than decreased, by the signing of the armistice, which has released thousands of refugees held prisoners in territory formerly occupied by Germany. These people must be given immediate assistance.

"In addition, we must continue to care for our soldiers and sailors, who are on patrol duty and make up the army of occupation. These men will need the Red Cross as they did before the armistice. The same is true of the families of these men in this country and the soldiers in the camps here

"When our armies come home what an inspiring sight it will be for them to see Red Cross membership buttons on the breasts of every man, woman and child, buttons proclaiming that these people at home made possible the great work of the Red Cross.

"Memberships in the Red Cross will be received during Christmas week and from December 16 to 23, the organization will seek to enroll every American in the world.

Health Proclamation

By order of the Board of Health of the City of Maryville, Missouri, the restrictions imposed upon pool halls, stores, restaurants, confectionaries, shops and other places of like kind by the proclamation of the Board of Health of said city, dated November 15, 1918, pertaining to the closing of such places is hereby removed from and after this date.

By further order of said Board of Health the restrictions imposed upon schools, churches, theatres, shows, picture shows and buildings and places of like character as to closing and not permitting more than 20 persons to assemble at any place by proclamation of the Board of Health of said city under date of October 12, 1918, is hereby removed from and after 12 o'clock—midnight Saturday, November 23, 1918, subject however to the following: All churches are forbidden to have services on Sunday night, November 24, 1918, and all picture shows must be disinfected under the supervision of some member of the Board of Health, before same shall be opened.

Quarantine restrictions on persons afflicted or places where such afflicted persons may be are not removed or released in any way or degree whatever.

This 22nd day of November, 1918.

W. O. GARRETT, Mayor.
P. L. EDWARDS, Marshal.
F. M. RYAN, City Physician.

WAR CONGRESS OUT

CLOSING SESSION WAS MARKED BY SPIRITED DEBATE

WILL RECONVENE DEC. 2

Appropriations Passes Aggregated More Than 45 Billions.—President Signs Prohibition Measure.

Washington, Nov. 22.—The second session of the Sixty-fifth, or "war" congress, which began last December 3, ended at 5 o'clock last night.

Since the third and final session of this congress will begin in eleven days—December 2—the adjournment yesterday was devoid of many of the spectacular features usually accompanying the ending of sessions.

Very little business was transacted in either house during the day, most of the senate's time being taken up in spirited debate.

The debate in the senate was marked by an attack on President Wilson by Senators Watson of Indiana, Sherman of Illinois and Kellogg of Minnesota, Republicans, who voiced objection to his action in taking over cable and express lines and an address by Senator Reed of Missouri, Democrat, vigorously opposing the plan for a league of nations. The proposal for a league of nations, however, was defended by Senator Phelan of California, Democrat.

During the day congress formally completed and sent to President Wilson, the bill for war time prohibition, effective July 1. The President promptly signed the measure.

Except the war revenue bill, little business was left unfinished by congress, which turns now for the new session, from the problems of war to those of peace and reconstruction. During the ten day period before the new session opens the senate finance committee will endeavor to complete revision of the revenue measure, while house committees will work on the mass of appropriation bills to come before the nevt session which expires by limitation next March 3.

Because of the press of appropriation and reconstruction legislation to come before the final session, Representative Kitchin, the Democratic leader, warned the house yesterday that the usual Christmas holidays will be curtailed to "a few days."

For length, bulk of appropriations for the war and the number and importance of legislative measures passed the session which closed yesterday was regarded by leaders as unprecedented. At this session war was declared on Austria-Hungary and the members also saw the victorious end to all hostilities.

Appropriations passed aggregated $36,298,000,000, making the total for this congress more than forty-five billions, of which $19,412,000,000 was appropriated at the first—an extra session—at which war was declared on Germany.

Legislation passed included bills authorizing billions of Liberty bonds; creation of the war finance corporation; government control of telegraphs, telephones and cables; executive reorganization of government agencies, and extensions of the espionage act, and the army draft law by which men between 18 and 45 years of age were required to register

Prohibition and woman suffrage furnished sharp controversies thruout the session. The war-time "dry" measure was completed, but after the woman suffrage constitutional amendment resolution had been adopted January 10, by the house, it was defeated in the senate by two votes. It is expected to come up again next month.

DR. S. W. GIRARD DEAD.

Former Hopkins Physician Passes Away at St. Joseph Hospital.

The body of Dr. S. W. Girard of Hopkins, who died yesterday at a hospital in St. Joseph was brought to Hopkins for burial today. Dr. Girard was a resident of Hopkins for a great many years.

Miss Price Returns.

Miss Cora Price, a former employee of the Crow studio, has returned from Fort Smith, Ark., and resumed her work at Crows.

Mrs. Sheets Very Ill.

Mrs. John S. Sheets of Elmo is very ill at her home with pneumonia which followed a spell of influenza.

WILL OCCUPY KAISER'S SUITE

President Wilson's Trip to Europe Will Be on the Former German Liner Kaiser Wilhelm 2nd.

Washington, Nov. 22.—Complete arrangements for the President's trip abroad are ready for announcement. All the details have been fixed and the official program is now before him for his approval. He will leave Washington about December 4, and will go directly to New York, where a big liner, Agamemnon, formerly the Kaiser Wilhelm, the Second, will be awaiting for him. President Wilson will occupy the imperial suite originally fitted up for the former German emperor.

ANOTHER BIG CASUALTY LIST

Of Those Reported 404 Were Killed in Action, 88 Died of Wounds and 105 of Disease.

Washington, Nov. 22.—The following casualties are reported by the Commanding General of the American Expeditionary Forces:

Killed in action	404
Died of wounds	88
Died of disease	105
Died of accident	12
Wounded, severely	87
Wounded degree undetermined	359
Wounded, slightly	378
Missing in action	69
Taken prisoners	13
Total	1,515

IS KILLED IN BATTLE

John J McGarry Made Supreme Sacrifice October 22.—Parents Live Southeast of Maryville.

John J. McGarry, a son of Mr. and Mrs. Joseph McGarry, living southeast of Maryville was killed in action in France October 22.

The message from military headquarters announcing their son's death was received by the parents last night.

The young man went into army training with the first lot of men from Nodaway county, who were sent to Camp Funston, Kan., September 19, last year.

Besides his parents, one sister, Miss Emma, and five brothers, Francis, in army training at Chicago, Arthur, Edward, Vincent and Paul, at home, survive.

RED CROSS SECRETARY HERE

Miss Phoebe Bayle Highly Pleased With Work Done by Junior Red Cross.—Urges Bazaar Support.

Miss Phoebe Bayle of St. Louis, secretary for the Junior Red Cross, visited Maryville yesterday and made a general inspection of the work of the organization and conferred with the school committee of the chapter in regard to their work for the future.

Miss Bayle was delighted with the work and progress made by the organization, and especially with the development of the Junior Bazaar plans. This bazaar is to be held on Friday and Saturday, Dec. 20 and 21, in the Red Cross headquarters. The thirty-eight auxiliaries of Nodaway county are taking part and the work to be exhibited and sold will be articles made by the children during the school year This bazaar is to be observed throughout the five states of the Southwest Division.

Prof. and Mrs. J. M. McDonald and Miss Beulah Brunner are in charge of the work in Nodaway county

The proceeds of the bazaar are to be used to finance the Junior Red Cross work.

W. C. VAN CLEVE HERE.

Arrives Last Night—Will go to Washington in a Few Days.

W. C. Van Cleve arrived in the city last night from a five weeks' stay at Columbia and Moberly. Mr. Van Cleve was called from Washington by the illness and death of his father, John S. Van Cleve of Moberly, and by the serious illness of his son, William T., a member of the Student Army Training Corps at Columbia, who had a critical siege of pneumonia.

The young man is now improving and physicians feel that his recovery is assured. He will not be able to leave the hospital for some time yet. His mother has been at Columbia since the beginning of her son's illness and will remain there until his strength is established.

Mr. Van Cleve will remain several days.

NEW REVOLT BREAKS

RADICALS SEEK TO GAIN CONTROL IN GERMANY

TRY TO OUST DR. EBERT

Uprisings Reported From Keil, Hamburg, and Other Cities.—Close Parallel to Russian Revolt.

London, Nov. 22.—A new revolution has broken out at Kiel, Hamburg and other German ports, said an Exchange Telegraph dispatch from Copenhagen this afternoon. The counter revolutionaries are attempting to put the radicals in control of the government—the red or Bolsheviki element of the German liberals now struggling to get control of the German government and wrest the reins of power from the hands of Dr. Ebert and his moderate colleague.

The new revolution reported from Kiel, Hamburg and other German cities gives the German uprising a closer parallel to the Russian revolution than at any other previous time. Just as the moderates were overthrown at Petrograd by the radicals, so the radicals in Germany are now attempting to put their representatives in power.

The Bolsheviki spirit has spread into Germany but its hold upon the population is apparently not yet of nation-wide extent.

IN TRIUMPH INTO BRUSSELS

King Albert and Family Are Given Mighty Ovation on Entry Into City.—Mackensen Reaches Berlin.

Paris, Nov. 22.—King Albert of Belgium, Queen Elizabeth, Prince Leopold, Prince Charles and Princess Marie Jose entered Brussels this morning amidst mighty ovation from the civilian population and Belgian troops. The royal party made an impressive entry and were triumphantly acclaimed. King Albert rode at the head of the Belgian division of the Allied army.

Copenhagen, Nov. 22.—Field Marshal General Mackensen and his staff have arrived in Berlin from Roumania said a dispatch from that city today. While crossing Hungary General Mackensen's forces had several fights with Roumanian troops, but his losses were small.

HENRY FORD BUYS NEWSPAPER

Retires From Active Management of Ford Co., to Become Publisher.

Detroit, Nov. 22.—Henry Ford is going to become a publisher. The head of the Ford Motor Company has retired from active participation in the management of the business and is going to publish a national weekly newspaper. Mr. Ford recently purchased the Dearborn Independent, published in his home town and plans are well under way for making it a national weekly.

K. C. WILL WELCOME TROOPS

Officials Plan for Review When the Men of 89th Get Home.

Kansas City already, in an official way, is taking steps to provide for a review of home troops and a proper celebration in Kansas City when the Kansas and Missouri boys come back, says the Kansas City Times. A joint and concurrent resolution, introduced in the upper house of the council last night by Alderman George Harrington nd adopted unanimously by both houses, spoke of the glorious victory on foreign soil in which "our boys" were an important factor.

The resolution suggests a grand review of troops from this immediate vicinity to be held in Kansas City when the men come home, and special mention is made of the Missouri and Kansas troops in the 35th division and practically all of the 89th division. It provided for a bi-partisan committee from each house to act with Mayor Cowgill to take the matter up with the authorities at Washington at once and see what arrangements can be made.

Virtually all of the crops common to the temperate zone can be produced in abundance in the vast agricultural regions of southern Siberia.

THE WEATHER

Snow tonight and probably Saturday; colder tonight.

NODAWAY CATTLE WINNERS

Bellows Bros., and Caldwell Herds Furnish Some of the Best Animals at the American Royal.

Bellows Bros., and the Caldwells fared well again yesterday at the American Royal Live Stock Show at Kansas City, winning first and second in several classes against strong competition.

In Shorthorn classes Bellows Bros., won first on junior bull calves with Parkdale Victoria IIth. Twenty-four head were shown in this class. Sixth on senior heifer calves with Parkdale Augusta, twenty-eight head being shown.

The Caldwells won second on young herds, four herds being shown; first on calf herd, four herds being shown; second on get of sire, (Blackcap Star) second on produce of cow, four herds being shown.

The Kansas City Times finds some interesting personages among the herdsmen of the various exhibitors, among them being Robert Johnson, herdsmen for the Caldwells. Says the Times:

"Robert Johnson, better known as "Bob," is another canny Scot, known wherever blooded cattle are shown as a man who can send them into the ring prepared to the last ounce. He is the man who developed the famous Grand Champion Hereford bull, Repeater, whose descendants have been consistent winners for years. Mr. Johnson has complete knowledge of all pure-breds and at present has charge of the Aberdeen Angus herd belonging to C. D. and E. F. Caldwell of Burlington Junction, Mo."

The Greatest Profiteer.

The kaiser has sixty castles, and no home. He has more than a hundred uniforms, and no disguise. He has fifty titles, and no good name. He has six sons, and no comfort in his age.—Kansas City Times.

A full-grown elephant can carry a load of over three tons upon its back.

REMUS

The Store Where Cash Goes Farthest.

Mercantile Company

Overshoes and Rubbers

are a necessary protection. School children should have this protection. If feet are once kept dry and protected from the cold health is assured. Below we list a few prices.

Men's one buckle overshoes—heavy or light weight, priced from.....$2.00 to $2.65

Boys' one buckle overshoes—heavy or light wt. $1.65

Ladies' one buckle overshoes—heavy or light..$1.50

Misses' one buckle overshoes—heavy or light..$1.25

Child's one buckle overshoes.....$1.00

The Best at the Price

For something you know that is absolutely first-class—for meats you know, handled by expert cutters and in the most cleanly and sanitary way.

You can't afford to buy cheap meat—you run no risk in buying here, as we cannot cut the price without cutting the quality.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

$1,609.85 From Eleven Acres.

Eleven acres of alfalfa on one of the W. R. Linville & Sons' farms north of town this year produced hay and seed to the value of $1,609.85.

The first two cuttings of hay from these eleven acres amounted to something more than thirty tons or an average of something like three tons to the acre.

Mr. Linville says this estimate as to the amount of hay is low as he is satisfied there were nearer forty tons than thirty, but to figure conservatively we will say 30 tons were harvested and as a load of alfalfa was sold here recently for $30 per ton, it is fair to say the thirty tons are worth $900.

Aside from the two hay crops, a seed crop of 54 bushels and 37 pounds was harvested from this eleven acres, or an average of almost 5 bushels to the acre. A part of this seed has already been sold for $13 per bushel. At this price the seed crop is worth $809.85, which together with the $900, worth of the hay would make the total crop worth $1,609.85 or an average of $155.44 per acre. Of course it cost something to harvest and care for the crop, but after all expenses are taken out a neat little sum remains.

Aside from the hay and seed crops harvested the good the pasture is now doing a bunch of hogs is not to be laughed at.

Yet some say that alfalfa is not a profitable crop in Missouri.—Skidmore News.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

You may not be able to get a Moline Universal if you delay ordering.

You will help relieve the spring congestion of shipping by buying now.

You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on beltwork and other light jobs.

It is the only tractor which does all farm work, including cultivation.

One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.

Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-foot circle.

It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs.

All the weight on two big drive wheels—no dead weight—no extra expense.

Substantially constructed for many years of service—electric light for night work and self-starter for non-robust labor.

You can practically double your efficiency—you can produce more food with less help. You will need it for 1919 operations—prices will not be any lower next spring—may be higher.

ORDER YOUR TRACTOR AND EQUIPMENT NOW AND PLAY SAFE.

To The Contributors and Township and School District Committees on the United War Work Campaign.

The undersigned officials of the United War Work Campaign desire to express to the people of Maryville and Nodaway County their great appreciation of the splendid response to the appeal for funds for the conduct of the work being carried on by the seven organizations combined in the United War Work Campaign. The goal of the County, including Victory boys and girls pledges, was placed at $48,000. Some of the townships have not yet completed their canvass but relying on assurances which have been made as to such townships by those in charge, it is now apparent that the County will go considerably over the goal. We feel that the people are entitled to special credit for this result in the face of the fact that the "Drive" came so closely after they had subscribed so large an amount to the Fourth Liberty Loan, and after which the time was short in which to perfect the United War Work Campaign Organization, and of the further fact that during that short time the election occurred and naturally absorbed much of the time and mind of the people. Just as the "drive" was on there came the termination of the war with its all absorbing features. And with all this the prevalence of the influenza epidemic prevented any public campaign to arouse enthusiasm and interest so that it was necessary to obtain the money entirely by personal solicitation. It must therefore be apparent to all that the undertaking involved a great deal of earnest effort on the part of a great many people and too much credit cannot be given to the numerous township and school district committees, practically all of whom laid aside their personal affairs and gave the necessary time to this work, and to all of such we desire to especially express our gratitude.

We know that all will feel amply repaid for the time and money given in the service such will render our soldier boys and their appreciation of it.

JAMES B. ROBINSON, Polk Township Chairman.
C. E. DONLIN, Nodaway Co. Chairman,
S. G. GILLAM, District Chairman.

Having Your Tires Retreaded not only cuts your investment to less than half the price of new tires, but the cost per mile is less.

Say, for example, you are using 33x4 tires. A good standard non-skid tire this size costs $39.00; the guarantee on adjustment basis is 3500 miles; and this is the average mileage; some, of course will run farther—some less.

Figured on 3500 miles, and figuring that you won't spend a cent for repairs in that 3500 miles, it costs you **$1.12 per hundred miles.**

If the carcass of your tire is good when the first tread is worn off, you can have it retreaded.

We put a non-skid tread on a 33x4 tire for **$16.90.** Figured on the same basis as a new tire it will pay for itself in 1500 miles.

But our retreads actually run 2500 to 3500 miles.

Figured very conservatively on 2500 miles, the cost per 100 miles service on a 33x4 non-skid retread is **only 67 cents** as compared with $1.12 on a new tire of the same size.

No matter what the size of your tire, the same proportion of saving will apply.

SOCIETY and CLUBLAND

By KATE SCHENCK
PHONES—OFFICE 42. HOME 683

Sure, the Buds Have a Grievance.

Why don't the S. A. T, C.'s give a dance?

Why, why, wail the debutantes and buds of the town. They think they have just cause for grievance. And they have. Think of those lovely halls at the Normal and all those nice looking young fellows and all the pretty, pinky, dimply girls there are around this man's town and NOTHING doing in the way of army entertainments. It is a villainous act on some one's part, that there isn't.

And, again and yet, when it was officially announced that Maryville was to be an "army post" (think that is the correct military term, anyway, it sounds as if we were keeping up with the whirling progress of time), all these charming young buds and budettes shook out their dancing frocks, peppered them over with djerkiss sachet and smilingly waited. Now the djerkiss is like sawdust and the smile is dying at the roots. This war is certainly rough on a young girl's illusions. Or is all this talk about the society brilliancy of military post life just press agenting?

Wouldn't a Thanksgiving dance be just 'plumb' gorgeous?

Entertain Distinguished French Visitor.

Mr. and Mrs. J. J. Heifner entertained at dinner today R. E. Govin of Bordeaux, France, and Don Madden of Joplin, Mo. Mr. Govin is an officer of the French navy who has been sent to the United States on a war commission and has been here several months on military duty.

To Return to Maryville.

Mrs. J. S. Van Cleve of Moberly will arrive in the city tomorrow night to make her home here for the winter at the home of her son, W. C. Van Cleve. She will be accompanied by her niece, Miss Ewers of Springfield, who will be her aunt's companion during the winter. Later Mrs. W. C. Van Cleve, who has been at Columbia, Mo., caring for her son, William, who has been very ill with pneumonia, will return to Maryville.

Miss Campbell Entertains.

Miss Ferne Campbell entertained a large party of friends last night at the home of her parents, Mr. and Mrs. Lowell Campbell, of Barnard. The house was prettily decorated and the time was spent with playing rook. A dainty luncheon followed the games. About forty guests were present.

There Is a Woman in our Town—

Who says she thinks the great national problem of reconstruction should include regulations on the reconstruction of the home and how to prevent some members of the family from rushing down town and recklessly buying all the things they have wanted during the war period.

High School Students Frolic.

The literary societies of the Barnard high school participated in a masquerade party last night given at the high school rooms which were decorated with late autumn emblems. A general merry-making was enjoyed.

Will Entertain Iowa Visitors.

Messrs. Lee Griffin and Emil Klarner of Lenox, Ia., will arrive in the city Sunday to spend the day, the guests of Mrs. Nancy Smith and her daughters, Mrs. Loren J. Schnabel and Miss Ola Smith.

YEARS OF SUFFERING OVER SHE DECLARES

Mrs. Mamie Hall Was Confined to Her Bed for Many Months—Gained 19 lbs on Tanlac and Troubles Over.

"Tanlac has not only saved me from an operation, but since taking it I have gained nineteen pounds and now weigh five pounds more than I ever did in my life," said Mrs. Mamie Hall, of 1317 Eighth Avenue, Nashville, Tenn.

"I suffered for years," she continued, "from a bad form of stomach trouble and had fallen off until I weighed only ninety-six pounds. Nothing I ate would agree with me, and I lived on malted milk and crackers and became so weak and rundown that I lay in bed almost helpless for eleven months. I was so nervous that the least noise would almost drive me distracted and my head ached like it would burst. I could hardly sleep at night and had terrible pains in my chest and back. I was told that only an operation would help me.

"I was taken to the hospital once, but didn't want to be operated on, so I persuaded my husband to get me some Tanlac. After taking four bottles, I was entirely relieved of my troubles and feeling fine in every way. My husband also has taken Tanlac and says it has helped him wonderfully. We are both indebted to Tanlac."

Tanlac is sold in Maryville by the Koch Pharmacy, and A. M. Colly, Conception Junction, Mo. Adv.

WEAR UNIFORMS NINETY DAYS

Failure of Men to Return Equipment Will Result in Prosecution, Government Announces.

Camp Funston, Nov. 22.—Men discharged from the army will be permitted to wear their issue clothing three months, according to instructions being issued today to commanders of units for the information of their enlisted men. However, men will be instructed to return their clothing as soon as possible. Holding the issue clothing beyond the maximum time makes the discharged soldier subject to prosecution for embezzlement of government property. At the time a soldier is discharged his equipment is checked in, with the exception of these articles:

One pair or item of gloves, underwear, socks, coat, breeches, hat and cord, shoes, shirt, overcoat, leggings, belt.

He will be given a bulletin warning him of what he is to do with his clothing and will be given an official label to put on the bundle of clothing when returning it. The label is an official frank calling for free postage. The label is addressed to the deputy zone supply officer, Camp Funston, Kan., and has space to record whose clothing is being returned.

Of 317,000 miners employed in the mines of South Africa, only 32,000 are white.

The Sign Language.

The North American Indians, it would seem, have no monopoly of that peculiar art known as the sign language. Right now, over there in France, American doughboys are making love to native girls with the most perfect success, and yet the doughboy doesn't know two real words of the French language hand running while, on the other hand, those French girls can't even make a stagger at English. —Los Angeles Times.

80 Years Old—Fit as a Fiddle.

"I had a bad case of stomach and bowel trouble that four doctors could not help. Suffered all kinds of pain, was filled with gas and constipated for years. I was advised to use Mayr's Wonderful Remedy. Since taking a course of it four years ago my trouble has disappeared and have felt like a young man. Although 80 years old, I feel fit as a fiddle." It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Drug Co. and druggists everywhere. Adv.

SPANISH INFLUENZA

Do not Fear When Fighting a German or a Germ!

By DR. M. COOK

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practice the three C's: A Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a god liver regulator to move the bowels. Such a one is made up of May-apple, leaves of aloe, root of jalap, and is to be had at any drug store, and called "Pleasant Purgative Pellets."

If a bad cold develops, go to bed, wrap up well, drink freely of hot lemonade and take a hot mustard footbath. Have the bedroom warm but well ventilated. Obtain at the nearest drug store "Anuric Tablets" to flush the aches. Take an "Anuric" tablet every two hours, together with copious drinks of lemonade. If a true case of influenza, the food should be simple, such as broths, milk, buttermilk and ice cream; but it is important that food be given regularly in order to keep up patient's strength and vitality. After the acute attack has passed, which is generally from three to seven days, the sytem should be built up by the use of a good iron tonic such as "Ironic" Tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery. Adv.

Mr. Happy Party.

To all Bakers, Hotels, Restaurants and Public Eating Places

The regulations requiring bakers to use substitutes and to make reports have been cancelled. All bakers in the county should be careful that substitutes on hand should not be permitted to spoil or deteriorate. Bakers are still under license and to cause or permit avoidable waste of food products would be in violation of General License Regulations I A-11, which reads as follows:

"Must Not Commit Waste.—The licensee shall not knowingly commit waste, or willfully permit preventable deterioration in connection with the production, importation, manufacture, storage, distribution, or sale of any food commodities."

The remainder of the regulations governing bakers are unchanged.

For your convenience we mention below the principal points which bakers should observe:

1. Must have license if they use three barrels or more of flour and substitutes per month.
2. Must not accept returns of bakery products.
3. Must not keep on hand or have in their possession wheat flour or shortening in excess of a reasonable requirement for sixty days.
4. If operating a public eating place in connection with a bakery only limited portions can be served as specified in Rule A-7, License Regulations XIII.
5. Must manufacture bread only in following weights: 12 oz., 3 lb.; 16 oz. 4 lb.; 24 oz., 5 lb.; 32 oz., other pound weights.
6. Must not use sugar without obtaining certificates from the State Food Administrator.
7. Rolls must not weigh more than two ounces each.
8. Not more than 6 pounds of cane or beet sugar, not more than 2 pounds of shortening, may be used with each barrel of flour in bread and rolls.
9. Milk may be used in the manufacture of bread and rolls, provided the price of such products is no greater than the price at which bread and rolls without milk are sold.
10. Bakers must not add sugar nor shortening to the dough during the process of baking nor to bread when baked.
11. Bakers shall not exact more than a reasonable profit for their products.

Bakers, including public eating establishments holding bakers' licenses, must observe the rules and regulations until Peace is proclaimed, or until they are notified that such regulations have been rescinded.

Very truly yours,
F. P. ROBINSON,
U. S. Food Administrator, for Nodaway County, Missouri.

The most widely spoken language in India is Hindustani, which is the tongue of more than 82,000,000 persons.

Farm For Sale

100 acres one-fourth mile west of Rea, Mo., 3¾ miles northeast of Rosendale. This is a good farm in every way; modern improvements, good soil, lies well. Close to railroad and school. This is a dandy farm, and worth consideration—a bargain at $200 per acre.

Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gaynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

Frank Bebb, Carpenter, Wyoming
